For Delegate to Congress.

TRINIDAD ROMERO.
Next Tuesday Colorado will hold her first State election.

On the 10th of October, Ohio, Indiana, Iowa, Georgia and West Virginia will have their election, and whichever way the two first mentioned will go, so will the Union go in November.

The revolutionists in Mexico still keep up the fight greatly to the disgust of all good citizens; and also greatly to the loss of all enterprising residents, native or foreign, who are engaged in business. Cortina and his maniacs are operating in the vicinity of Matamoros. He says he will take that city by the 15th of this month. He lately received from the American side 100 kegs of powder and a good supply of improved arms.

It is claimed that machinery for the manufacture of cartridges for the revolutionists has been received in Oaxaca from the United States. Six hundred Federal troops have arrived in the state of Chihuahua. This is supposed to be a sufficient force to quell the rebellion in that region.

Henry A. Wise of Virginia died on the 12th of September at Richmond. Wise was a famous politician and an able speaker. He was governor of Virginia at the time of the John Brown raid at Harpers Ferry. He has filled many important offices under the Federal Government and was a general in the Confederate service.

The much talked about prize fight between Tom Allen and Joe Goss came off on the 7th of this month near Walton Kentucky. The pugilists fought 21 rounds in one hour and fifty two minutes. Allen whipped Goss badly. The latter was almost blind and claimed faints continually which were not allowed until the last round when Allen struck him as he was falling. A claim of foul was allowed Goss and the fight awarded to him. This was considered great injustice to Allen who was evidently the victor.

Victoria Woodhull has sued Col. James H. Blood for a divorce. She charges him in the complaint with adultery. The referee in the case took the testimony and on the 15th inst. filed a report. Before Justice Dykman of New York City, recommending that an absolute divorce be granted. Victoria, in her petition takes the name of her father, her first husband, from whom she was divorced, and her latest husband. Her cognomen is Victoria Claflin Woodhull Blood.

Zack Chandler has taken Carl Shurz off the war path. Carl can't get his old speeches against Grant out of his head, consequently he mixes his campaign speeches badly. He wants to speak against Grant and support Hayes at the same time. He says, for instance, Hayes is no such man as Grant. If Hayes is elected, he will turn out of office all such scoundrels as Chandler, Morton etc. etc. and have no kitchen cabinet like Grant. The result is that Zack has reached for Carl and reduced him to the ranks. His list of appointments has been cancelled and he will make no more speeches for Hayes; this is what the papers say. Grant does not propose to throw his influence for Hayes and take all manner of abuse from stump speakers at the same time. He proposes that the plank in the platform endorsing him shall mean some-

beneficent work for navigation was commenced by the construction of a coffer-dam over the rocky obstructions, and the water being pumped out a shaft was sunk to a sufficient depth. From this ten tunnels were run in different directions and every-thing of these spaces perforated with drills, which was loaded with nitro glycerine, to the amount of 200 tons of powder. After the charges were in the water was allowed to rush in and fill up the cavities and by means of electric wires the whole was to be blown up to-day. Although there will not be much of a convulsion upwards, it is expected that the shock, earthquake like will be felt for miles around. \$1,500,000 have been spent by the government until now and considerable more will have to be drawn from the treasury before the rock which will be loosened by the explosion shall be removed enough to form a good passage for all kinds of vessels.

It is best for those who have yet never taken any active part in national politics or attached themselves to either of the great national parties of Republican or Democrat to wait a little longer, until after the October elections, and then rush into the breach if it is desirable to get on the winning side. After the October elections it will be time to—

Jump brother jump, jump with care
Jump on the side of the winner.
Fishes of Hayes—
You need not care,
Provided the man
Who gets the chair,
Agrees to share
A little plunder
With the poor victor.

GENERAL NEWS.

Lucius Robinson of Chemung county has been nominated on the Democratic ticket for Governor of New York, in place of Horatio Seymour, declined William Dorsheimer of Erie is the nominee for Lieut. Governor.

The Black Hills Pioneer thinks it is time that shooting on the streets of Deadwood should stop. August 18th two gamblers engaged in a shooting match at each other, in which they wounded two citizens sitting quietly in their stores.

A dispatch received by Mr. Gough informs us that Porter Stockton, who was confined in the Cimarron jail on a charge of murder, made his escape on Saturday night, with the aid of an accomplice. —New Mexican.

The execution against William M. Tweed in the suit of the State to recover from him \$6,686,652.19 was yesterday returned unsatisfied. An execution was issued by Noah Davis on the 11th of May, and should have been returned on the 10th of July. It was kept back until yesterday on account of Attorney General Fairchild's delay in answering the Sheriff request for instructions. An execution against the person will probably be issued immediately, directing the Sheriff to produce Mr. Tweed within sixty days.

Returning from a camp meeting near Spring Hill, Kansas, on the evening of Sunday last, the driver of a wagon containing ten persons, missed the road and precipitated every person, the wagon and horses over a cliff of sixty feet. A Miss Maxwell, in the airy flight, was fastened under one of the horses, and is about the only person fatally hurt; the rest escaped with slight bruises. Horses and wagon are a wreck.

Portland, Sept. 13.—The returns received thus far give 100 Republican and 21 Democratic representatives elected. There are thirty towns to hear from, which will probably make a final showing in all of 111 Republicans and 40 Democrats.

Returns, mostly official, from three hundred and eighty six towns in a total vote of 125,771 give Connor (Rep.) for Governor 70,530, and Talbot (Dem.) 55,241. Connor's majority, 15,289. The same towns last year, in a total vote of 103,554, gave Connor 53,870 and Roberts 49,684; Connor's majority, 4,206.

Ninety-three small towns and plantations which threw 8,131 votes last year have not yet been heard from.
An Englishman, regretting the present uselessness of Mount Vesuvius, suggests that the crater be converted into a receptacle for dead bodies, and proposes the formation of a company which will run funeral trains from different parts of Europe to the volcano.

It is said that two new and distinct breeds of sheep have lately been introduced into England from the west coast of South America. The first are two fine, white woolled sheep, each having four massive horns, two of which have a forward curve over the head while the other two curve downward under the eyes, giving the head a singular appearance. Of the second, which are said to be a species of the llama and alpaca, there are three, one male and two females, which are thickly covered with long, dark brown, but exceedingly fine hair or wool, which is highly prized by the native Indians for the manufacture of their more delicate fabrics. The male stands about three feet high at the shoulder.

The great rifle match for the championship of the world between the American, Scotch, Irish, Australian, and Canadian teams, resulted in a victory for the Americans. The match was shot at Creedmoor and occupied two days, the 13th and 14th. The Americans had a grand total of 5,600 points.

leading the field by 22 points. The Irish took second place with 3,104 for a grand total, and were 42 ahead of the Scotch. The Australians and the Scotch had the same number, 3,062. The Canadians made a grand total of 2,923 points.

The following Republican central committee was appointed by the late Convention: Wm. Breeden, President. Antonio Ortiz y Salazar, Santa Fe county.

Aniceto Valdez, Taos county. George Gregg, Mora county. A. J. Howell, Colfax county. Eugenio Romero, San Miguel county. Francisco Salazar, Rio Arriba county. Mariano S. Otero, Bernalillo county. Antonio Jose Luna Valencia county. Antonio Abertia, Socorro county. Pablo Melendrez Doña Ana county. John S. Ketcham, Grant county. Florencio Gonzalez, Lincoln county.

St. Louis, September 12.—A meeting of the representative members of Western railroads was held in this city to-day, the object being to prevent the pro-rating system, which has been so damaging to Western interests. The business of the meeting progressed for enough to warrant the statement that the roads interested will pool their freight earnings; that regular rates will be enforced and the earnings of all the roads will be placed in one pool, then divided among the roads in proportion to the mileage of transportation. This will prevent cutting of rates, and the roads also agree not to carry freight for Eastern roads at less rates than those charged merchants and other patrons. The roads represented at the meeting were the Chicago, Rock Island and Pacific; Chicago, Burlington and Quincy; Missouri Pacific and Atlantic and Pacific; Chicago and Alton and St. Joseph; St. Louis, Kansas City and Northern; Missouri, Kansas and Texas; and Kansas City, St. Joe and Council Bluffs.

Chicago, September 9.—Mr. Garrison stated to-day that under the new organization, an act of incorporation for which has already been applied for, the Missouri Pacific will be run entirely separate from the Atlantic and Pacific; that each road will have a distinct Board of Directors, and that the Missouri Pacific will be operated, in the interest, as far as possible, of St. Louis and Missouri. The new board will be composed wholly of Missourians, outside of himself, and among those already decided upon are: O. K. Garrison, Oliver Garrison D. A. Garrison, W. R. Garrison, Charles B. Chouteau, Webb C. Samuel and Joseph L. Stevens. The new organization is made on the basis of \$800,000 paid up stock, of which Garrison will take \$600,000. This money is all to be expended in the purchase of steel rails and other improvements for the road. It is understood that Colonel Garrison will make good the St. Louis County claims of three-quarters of a million and with this settlement all litigation against the road will cease.

The Court at Taos.

We glean from the New Mexican the following proceedings of the court at Taos: M. W. Mills was fined \$25 for an assault. David Crockett fined \$30 for carrying arms. M. M. Chase fined \$25 for carrying arms. Frank Alexander and five associates were convicted of riot.

Alexander was sentenced to six months imprisonment and the other five to 10 days. In the case of the Territory vs. Oscar P. McMains and others, charged with the murder of Cruz Vega, the Attorney General announced that he was ready to try the defendant McMains. The defendant was represented by Messrs. Lee and Springer of the Cimarron bar, who stated that the defendant was not prepared for trial, and filed an affidavit for a continuance. After considerable discussion the court granted a continuance, stating that it did so as a matter of grace to the defendant in consideration of the serious nature of the charge.

Porter Stockton, charged with the murder of Antonio Arebio at Cimarron, who was arrested in Colorado and brought back upon a requisition, was arraigned, pleaded not guilty, and applied for a continuance; granted. Messrs. Lee, Springer and Mills were assigned as counsel for the prisoner.

In this connection we mention the fact, that in the Stockton case the prisoner was before the court within ten days from the time the requisition was issued. The prompt action of the Colorado authorities, and of Sheriff Rinehart, who was the agent of New Mexico to receive the prisoner, is highly commendable.

Grand Bonanza.

Our special correspondent writing from Lincoln under date Sept. 7th, says: we are still having news here, another man killed John H. Reilly's clerk was shot dead by accident. George Ginn, Esq., the great inventor of the dry washing process is here with his patent in his pocket and has sent for an engine which will be in the Jicarillas about Nov. 1st. He is building his machinery here and calculates on cleaning thirty tons of dirt per day. He has located a large lot of land in the Jicarillas that will yield from fifty to sixty cents to the pan. He can wash twenty-four hundred pans a day and can save upwards of one hundred grains of gold. All who are desirous of making a fortune can do so in hot haste by coming to the Jicarillas and commencing by taking up claims, getting a patent right from Ginn and a two horse power engine which can be delivered there at a cost of \$400. Any one can take out \$75 a day clear

of expenses. This place is bound to be the bonanza spot of New Mexico inside of six months. Col. Willison will be here in a few days on the same business. There is gold enough in the Jicarilla and Nogal mountains to pay the national debt and leave some to lend to Spain for carrying on the war in Cuba. A person investing fifteen hundred dollars here can get his money back inside of twelve months and be a rich man. But forty gallons of water a day is needed to operate with, of which there is plenty close at hand to supply all that come. Patent rights will be sold at reasonable prices after it is proven publicly that they are really what they are represented. Mr. Ginn is a brother of Lawyer Ginn of Silver City, is a high minded gentleman and no doubt is certain but that his invention will prove a success. —Albuquerque Review.

Chicago, Sept. 15.—A Times special correspondent with Gen. Terry telegraphs, under date of Oct. Buford, mouth of the Yellowstone, Sept. 8: "The final breaking up of Gen. Terry's command occurred yesterday morning, and all the troops are now en route for home, with the exception of two regiments of infantry, which will winter at the mouth of Tongue river. The Montana troops, numbering 250 infantry and 120 horse, and including 70 infantry and the Second Cavalry, under Gen. Gibbon, left for Fort Ellis, with a wagon train and supplies for eighty days. They will follow the old Stanley trail. The route is teeming with hostiles, and is 120 miles long. They may encounter a large war party in the Big Horn country. They have been in the field since March, and are poorly clad for the cold weather and fierce storms which sweep over the prairies at this season. The Twenty-second Infantry have been left at the mouth of Glendive creek, and have begun the construction of a stockade. They will remain until Nov. 1, or later."

A despatch just received from Gen. Sherman countermands the order to winter a regiment of cavalry on the Yellowstone, which renders a winter campaign impossible and inevitably postpones the subjugation of the Sioux.

A Mysterious Duel.
Denver, Col., Sept. 11.—A most extraordinary duel occurred yesterday near Colorado Springs, the circumstances of which are shrouded in mystery, as nothing is known of the affair, save the finding of the body of A. J. L. Schlesinger, one of the parties. Schlesinger was private secretary of Gen. Palmer, President of the Denver and Rio Grande Railroad. He left a note saying he would fight at a certain time and place and if he felt the other party would never be known. The party went to the place and found his body dead and cold, shot through the heart. Everything indicated that he fell in a duel, but no trace of the other party was found beyond tracks in the sand.

We call attention to the card of J. K. Lantz & Co. of St. Louis Mo. They advertise as Dealers in wool and purchasing agents for merchants. It is of great advantage to merchants to have in the east a reliable firm, well posted in the values of all kinds of merchandise, from which you can order with the assurance of having your purchases promptly made and at lowest rates. They sell large quantities of goods to their correspondents. They can always command very low prices. They are prompt in taking the benefits of fluctuations of the market and give notice of any favorable change etc. Give them a trial.

NOTICE TO TRAVELERS.

All parties en route to and from New Mexico will do well to take the lower military road in Colfax Co., crossing the Cimarron at Garcia's ranch, where Joseph Holbrook has constructed a bridge across the stream and has on hand abundant hay and grain. Corn is provided and the best accommodations can be obtained for man and beast. The road is a good one throughout, much better than the upper stage road. This route is a saving in distance between Las Vegas on the Raton Mountains of at least 20 miles over the upper road.

The delegates to the Convention at Santa Fe returned Sunday last with flying colors. A ratification meeting was held Monday evening at the Court House. The meeting was large and enthusiastic. Col. Abreu, Sheriff Jaramillo and others made speeches and gave an account of their doings at Santa Fe and the good prospects of the nominee for election. Mr. Trinidad Romero made a short and well considered speech accepting the nomination and thanking the delegates and the convention for the honor conferred on him. The nomination of Mr. Romero will be received by the inhabitants of San Miguel county who will roll up a large majority for him.

We are in receipt of a short communication, signed W. L. & P. V., stating that the late ball at La Junta was a successful affair, well attended, plenty of champagne etc. etc.

We learn that a Mexican by the name of Lopez was found dead on the road, near the store of Chas. Hilfeld in La Junta, last Tuesday. He had been thrown in a ditch and was slightly covered with earth. The body looked as if the man had been drug to death on the road by a lariat.

Fatal Accident.

Thursday of this week a little son, nine or ten years of age, of Gregorio Jaramillo was accidentally killed under distressing circumstances. He was leading two mules tied together with a rope, to water. The mules became frightened and caught the rope around the boy's neck, breaking his neck. One of the mules was very vicious and bit and kicked the helpless boy, mutilating him in a horrible manner.

PERSONALS.

Frank Chapman has again made his appearance on the street, nearly well of his wound.

G. W. Stonerod came in yesterday from his ranch. He has just completed a long journey with his sheep from California through Arizona. He started with 10,000 head and bought 600 head while en route. On counting his sheep he finds that he has 10,300 head, having lost only 300 head on the journey. That is what we call a successful trip.
